

C15

- Hand operated hydraulic cutters fit for cutting copper, aluminum, aldrey, steel and steel-aluminum ropes and conductors.
- Two speeds action: high speed to quickly approach the blade to the conductor and low speed for cutting
  - Blades made of high strength special steel
  - Openable head, with quick locking device, to cut running cables
  - The head can rotate 180° to let the operator work in the most comfortable position
  - Safety valve that automatically bypasses oil when reaching the max pressure
  - Release device that can be operated at any stage of the operation
  - C15.40.1.L pair of spare blades
  - C15.50.1.L pair of spare baldes
