

C35

Grounding device to be used while stringing overhead conductors or pulling ropes. Aluminium alloy sheaves with bushes grant a good sliding and electric continuity even on junction points. Contrast spring for a safe and continuous contact on conductors with junction clamp. Supplied with:

- Copper cable section 50 mm<sup>2</sup> lined with high-insulating protection, length 6 m
- Brass clamp, clamping capacity 0 - 40 mm
- Metallic box for storage

OPTIONAL DEVICES

- 01 Steel-wheels fit for anti-twisting steel rope
